

CITY COUNCIL
HITS SNAG IN
AIRPORT DEALLEGAL BARRIER DEVELOPS
IN PROPOSED SALE
OF LOCAL FIELD

The City Council has run into a legal barrier in their efforts to take over control of the city airport.

The Daily Banner has been informed by Keith Pettigrew of the Aeronautical Commission of the State of Indiana that the action of the city council in rescinding the ordinance of 1945 which the control of the airport was vested in the City Airport Commission, and taking over control of the city airport, is illegal and of no force and effect.

By virtue of a law passed by the legislature in 1945 and amended by the legislature of 1947, the municipal airport of any city is under the control of the airport commission and the city made it mandatory that the commission be appointed by the city in 1945. In case of a vacancy prior to 1945, there is no commission. In the jurisdiction of an airport commission automatically in 1945 at which time the local airport commission was named, and as such has continued to function to the present time.

It seems, according to the State Commissioners' office that the only way the airport can be disposed of is for the local Airport Commission to sell it and turn the proceeds there over to the city.

In all probability more from this matter will come up at the next session of the city council.

CHILD KILLED

WARSAW, Ind., Aug. 31.—(UP)—State Police said today Donald Brenneman, four-year-old son of a Doylestown, Pa., couple, was killed last night and his parents were injured when their automobile overturned.

Police said the accident occurred on U. S. 30, east of here when the car, driven by the boy's mother, Mrs. Grace Brenneman, overturned while attempting to pass a truck. Donald was thrown from the auto and crushed.

Dr. Paul Brenneman, 28, father of the child, and Mrs. Brenneman were treated at McDonald hospital here. Their injuries were not believed serious.

Will Dismantle
Brazil Plant

BRASIL, Ind., Aug. 31.—(UP)—A composition roofing manufacturer said today he would dismantle his plant here because the Indiana State Labor Department interfered with his contracts.

S. G. Wright, owner of the advance Industrial Supply Co., made the statement after the state labor department ordered him to remodel the plant because of alleged silicosis hazards.

Wright has an injunction against the department in circuit court here. The local plant employed some 50 workers.

20 Years Ago
IN GREENCASTLE

Three suitcases were stolen from the auto of Mr. and Mrs. Gratton Longden at Miller Park near Gary where they stopped en route home from Chicago. The bags, containing clothing, were valued at \$200.

Eugene Hutchins, of Roachdale, was elected president of the Putnam County Principals' Association. Lawrence Wright, Clinton Center, was chosen as secretary.

Judge James P. Hughes went to Chicago on a business trip.

Gwin Ensign, city clerk, was in an Indianapolis hospital for treatment and observation.

Ross Peck and family left for their home in St. Paul, Minnesota.

JUDGE TO HEAR EVIDENCE
IN PARKING METER FEUD

BLOOMINGTON, Ind., Aug. 31.—Circuit Judge George Long of Columbus will hear evidence in the county-city parking meter feud.

Judge Long will set a trial date after Sept. 1.

The controversy started when county commissioners ordered removal of meters around the courthouse square, which they said was county property.

Highway workers removed five meters before the city obtained a restraining order. The city then asked a temporary injunction.

ALLIES MAY
CAUTION RUSS
TO KEEP PEACE

LONDON, Aug. 31.—(UP)—The Western Powers are discussing measures to keep the peace in the Balkans in the face of the widening rift between Russia and the Yugoslav government, diplomatic quarters disclosed today.

These quarters said the United States, Britain and France were considering—among other things—a joint move to caution the Soviet against interference with Marshal Tito's government.

Diplomatic quarters said informal talks on the growing Balkan crisis were held in Belgrade earlier this week between American, French and British representatives and Yugoslavia's deputy foreign minister Alex Bebler.

Western diplomats were said to hold the view that a joint move by the Western powers was advisable as soon as possible and that a timely warning might prevent more serious disturbances in south-eastern Europe.

Wickard Boomed
For U. S. Senate

INDIANAPOLIS, IND., Aug. 31.—(INS)—The Indiana CO-PAC has begun a campaign to obtain the Democratic 1950 nomination for United States Senator from Indiana for a former cabinet member.

A Democratic state committee source disclosed today that the senatorial drive is being made for Claude R. Wickard, of near Camden, Carroll County, who served as Secretary of Agriculture from 1940 until 1945.

Wickard now is in Washington as Rural Electrification Administrator.

The labor leaders believe that Wickard would obtain strong support from both unionists and farmers. They say they like his "labor record" better than that of either of the two present major Democratic senatorial aspirants.

They are Alex Campbell, assistant Attorney General in charge of prosecuting Communists, and former Senator Samuel D. Jackson, both of Fort Wayne.

The laborists applaud the policy of Wickard for "abundant production" when he was in the cabinet.

The program of the unionists is to send a delegation to Washington. Wallace promoted him rapidly to become a senatorial candidate. They feel also that from a political standpoint that a Wickard candidacy would end the peculiar deadlock between two senatorial aspirants from the same city which is embarrassing the Fort Wayne Democratic organization.

Wickard was born on the Carroll County farm owned by his family since 1840. He still farms the 380 acres actively. He was graduated from Purdue University in 1915 and began to apply scientific agricultural methods he learned there to the family acres.

In 1932, Wickard was elected to the Indiana State Senate. There he remained until he resigned to become connected with the Agricultural Adjustment Administration.

Secretary of agriculture Henry A. Wallace promoted his rapidly and he took charge of the Agriculture Department's corn-hog program. Then he became Assistant Secretary of Agriculture.

BIDS OPENED
FOR BAINBRIDGE
WATER SYSTEMCONSTRUCTION WORK DIVIDED
INTO THREE SECTIONS
BY ENGINEER

Bids on the construction of a water system for Bainbridge were opened in the offices of the town board Tuesday evening, and several bids were submitted on the three different sections the work had been divided into by the consulting engineer, J. B. Wilson. The bids were much lower than when submitted some time ago and without exception, the contractors specified in their proposals that work on the proposed water system could begin within ten days time and could be finished within a very reasonable length of time.

The proposals were divided into three sections, the first being the construction of the well from which the water will come and the pump which will force it into the mains and standpipe which will be erected. The bids were all taken under advisement and Mr. Wilson said it might require a week for him to tabulate the bids and the many alternates the bidders submitted.

On the face of the bids, it looked as though Seabee and Son of Greencastle, were low on the drilling of the well and the installation of the pump. Their bid on the well was \$800; and the pump, without alternates was \$870.24. Other bids submitted were by Clark Drilling Co., Indianapolis, one well \$2500, two wells, \$1750 each, pump, \$1180; Lane Northern Co., Mishawaka, Ind., well, \$1330; J. V. Ortman & Sons, Kokomo, well, \$1300; pump, \$1036; A. L. Stice, Danville, Ill., well, \$1150; pump, \$1065.

The bids submitted on the distribution system and the treatment plant were broken down into 22 parts. The proposals submitted included the following: R. D. Green, Vincennes, informal total of \$47,362; Columbia Construction Co., Indianapolis, informal total \$54,940; L. L. Stone, Lawrence, Ind., total \$51,290.

Section 3 of the proposal, the water tower or stand pipe, Pittsburgh Demolition Steel Co., \$14,600; Chicago Bridge and Iron Co., \$15,200; W. E. Caldwell, Louisville, \$13,470.

New Studebaker
Cars On Display

New 1950 Studebaker passenger car models are now being displayed in the showrooms of C. A. Webb, 28 South Jackson St., Greencastle.

"These are the automobiles which generated so much enthusiasm when they were previewed privately in New York and Chicago recently," according to Mr. Webb. "These new cars are so entirely different in appearance that it is difficult to do them justice by trying to describe them," he said. "I am particularly anxious for the people of this area to visit our sales room and see for themselves."

The front end of the 1950 Studebaker is especially striking. Mr. Webb pointed out. It embodies an airplane fuselage-type hood, flanked by air-foil front fenders and set off by a chrome "spinner." In addition to providing an ornamental touch, the "spinner" augments four frontal openings which direct air to the engine for maximum cooling. The largest of these air passages consists of two oval-shaped honeycomb grille scoops located below the two smaller air channels which flank the "spinner." Chrome moldings over these small twin channels contribute to the unusual decorative effect.

Mr. Webb believes that the complete change in frontal appearance and fender treatment will be of special interest to automobile enthusiasts. "It makes the cars look as if they are in motion even when they're standing still," he said.

"Riding and handling qualities are greatly improved, too. These are the result of a number of engineering refinements but are due principally to a modification

(Continued on Page Two)

REELSVILLE SCHOOL

Classes at the Reelsville School will start on Monday, September 5th. Enrollment will be on Friday, Sept. 2nd. First and second grades will be at the Manhattan School where they will register. The other grades and High School pupils will register at the new school building. Books will be sold by the teachers on enrollment date. Classes will start at 8:30 o'clock Standard Time, Monday, Sept. 5th.

A. A. ABBOTT
IS PROMOTED
BY RAILROADPENNSY AGENT AT LIMDALE
IS TRANSFERRED
TO BRAZIL

A. A. Abbott, popular Pennsylvania Railroad agent at Limdale, announced today that he has been promoted to yardmaster and agent for the Pennsylvania Railroad at Brazil, Ind., and will be located in that city after September 1st.

Mr. and Mrs. Abbott have lived in Greencastle since 1922 with the exception of a few years spent in Highland, Ill., and Rockville, Ind., and they have made many friends in this community. Mr. Abbott has been the agent at Limdale for the past nine years.

Both Mr. and Mrs. Abbott have taken active interests in civic and fraternal affairs, and Mr. Abbott is president of the Greencastle Rotary Club and past exalted ruler of B. P. O. Elks No. 1077. Mrs. Abbott is a past worthy matron of the Eastern Star.

The Abbotts will move to Brazil as soon as suitable accommodations can be found in that city and they are successful in disposing of the home in Greencastle.

Mrs. Hutcheson's
Rites On Friday

Mrs. Gertrude King Hutcheson died at her home on South Jackson Street Road, Greencastle, August 31. She was the daughter of John R. and Caroline Cole King, and was born October 2, 1875 in Washington township, Putnam county. She was a teacher in the public schools of the county until her marriage to Daniel A. Hutcheson on June 24, 1908. They established a home and continued to live in Washington township until late years when they moved to their present home on Jackson street. In 1938 her husband died and she never fully recovered from the shock and grief of this loss.

She was a member of the Christian church of this city, a member of the Country Reading Club, the Coterie and the Four Leaf Clover Club.

She is survived by one sister, Margaret I. Bond of Washington township; two sisters and two brothers, Eva Nelson, Fannie K. Torr, Dr. Jerome M. King and John R. King having preceded her in death.

She leaves to mourn her death her sister, a number of nieces and nephews as well as many other relatives and friends.

Funeral services will be held at 2:00 p. m., DST, Friday afternoon from the Rector Funeral Home on Washington street with Rev. Ralph Saunders in charge. Interment will be in Forest Hill Mausoleum.

Friends may call at Rector Funeral Home.

TRIAL OPENS NOV. 10

MARTINSVILLE, Aug. 31.—(UP)—Mitchell K. Bryant, 15-year-old confessed killer of an Indianapolis packing house worker last Nov. 3, will be tried in Morgan circuit court here Nov. 10 on first degree murder charges. No trial date was set for another Indianapolis boy, Wiley E. Senteney, Jr., also 15, accused with Bryant of the murder of James Kelly Brooks, 27, in Indianapolis.

Mr. and Mrs. J. B. Crosby and son Jack left today for Curtis, Mich., where they will spend ten days on Lake Manistique.

604 POLIO CASES

INDIANAPOLIS, Aug. 31.—(UP)—The Hoosier polio toll stood at 604 cases and 60 deaths today.

Crawford county reported its first case of polio yesterday to become the 67th Indiana county affected by the disease.

Other new cases Tuesday were four in Elkhart county, three each in Jay and Allen, and one each in Adams, Howard, Huntington, Randolph and Wabash counties.

SCHOOL NOTICE

Mr. Avery, principal of Miller School, will be at the building tomorrow, Thursday, to receive any patrons who desire to call. Parents of first graders might desire to make this contact.

PUTNAM COURT NOTES

Universal Credit Corporation vs. Lloyd Major, et al, complaint for replevin of 1947 Dodge pickup truck and damages of \$50.

New Hurricane
In The Making

MIAMI, Fla., Aug. 31.—(UP)—Weather observers today kept a close watch on a small tropical weather disturbance blowing up in the Caribbean Sea, some 1,800 miles southeast of Miami.

Although the disturbance was described as "of slight intensity," the San Juan, Puerto Rico weather bureau advised precautions against "a possible increase in intensity."

In an advisory relayed were at 11 p. m. EST time yesterday, the San Juan bureau said the disturbance was accompanied by winds of 35 miles per hour at the center.

It takes 50 mile-an-hour winds to make a storm, under weather bureau terminology, and 75 miles per hour to make a hurricane. The 11 p. m. advisory said the disturbance was located 160 miles east-southeast of Barbados, one of the windward island group. It was moving in a general west-northwest direction about eight to 19 miles per hour toward Cuba, some 1,300 miles away.

The disturbance was discovered in the same general area where two hurricanes were spawned earlier this year. The first veered away from the mainland and sideswiped the North Carolina coast doing little damage, but the second rammed into Florida and up the Atlantic seaboard last week, causing an estimated \$60,000 damage in the peninsular state alone.

Truman Sits On
3-Way Fight

WASHINGTON, Aug. 31.—(UP)—President Truman took a direct hand today in the three-way fight among Democrats that has blocked congressional action on farm price supports for 1950.

The President called his feuding farm advisers from the Senate, House and cabinet to the White House (3 p. m., EDT) to talk over the situation. Any decisions made at the conference could have far-reaching effects on farm income and consumer food bills next year.

Prices of most farm products have fallen to the support level and others are heading downward. The Agriculture Department reported yesterday that farm prices in mid-August were down 20 per cent from the record high set in January, 1948.

With an eye on the farm vote in 1950, Democrats in Congress want to repeal the so-called Aiken law of flexible and lower supports, passed by the Republican Congress last year. This law is scheduled to take effect on Jan. 1, 1950. Most Republicans also want to vote for higher supports.

But neither Democrats nor Republicans in Congress want the administration's controversial "Brannan Plan" which promises both high farm income and cheaper food through direct subsidies to farmers. Because of bipartisan opposition, this plan drafted by Secretary of Agriculture Charles F. Brannan and endorsed by Mr. Truman is given no chance of enactment at this session of Congress.

TEACHERS IN
CITY SCHOOLS
ANNOUNCEDCOMPLETE STAFF LISTED
BY SUPERINTENDENT
LEE O. ZIEG

Lee O. Zieg, superintendent of the city schools, announced the completion of the 1949-50 school year teaching staff today. He said everything was in readiness for the opening of school.

The complete list of teachers is as follows: Mary Emma Jones School: Jeanetta Arnold, N. Dixon, supervising principal, Geneva Goss, Meryl Michael, Goldie L. Runyan, Gladys Sutherland, Louis Kitchell, Jones and Miller Schools.

Delilah Miller School: Albert P. Avery, principal, Naomi Dixon, Lily Hepler, Louise Knauer, Catherine Robinson, Muriel Rockhill, Susie Talbot, assistant principal, Tavia Therrien, Mildred Mason Todd, Blanche E. Williams, Ida Mae Youse.

Martha Jane Ridpath School: Olive Baughman, Mary DeVaney, Dorothy Harris, Ruby Hood, assistant principal, Hollis Masten, Hazel Owens, Carl Prosser, N. Dixon, supervising principal.

High School Building: Norman B. McCammon, principal; Glenn Skelton, assistant principal; Zella Adams, Yvonne Thurow, Eugene Akers, Mona Mae Bartley, William Bishop, Marguerite Caton, Virginia Cook, Lee Sheridan Cox, Elizabeth Daggy, Leona Dobbs, Martine V. Douthitt, Jane Eckardt, Thomas Goldsberry, Reese Hammond, Harold Harman, Herndon Irwin, Frank N. Jones, Don L. Marketto, John McCullough, Madama O'Hair, Pauline Reed, Howard Sharp, L. E. Sheridan, Leon N. Snyder, Urban Steckler, Harold W. Stewart, Lela Walls, Dorothy Compton.

Supervisors: Instrumental Music, Don Marketto; Vocal Music, Marguerite Caton Art, Martine Douthitt.

To Hold Strike
Talks In N. Y.

HONOLULU, T. H., Aug. 31.—(UP)—The Hawaiian stevedore industry reluctantly agreed today to meet in New York Sept. 7 once more to attempt to negotiate a settlement of the 4-month-old dock strike.

W. Russell Starr, chief negotiator for the industry, said employers would be willing to meet with Cyrus Ching, head of the Federal Conciliation Service and CIO Longshore Union President Harry Bridges.

But he said employers "do not approach the prospect of talks in New York with optimism."

"This strike is going to be settled on Monday because wages are the basic issue," he said. "That issue can be settled as well in Hawaii as in New York."

He accused Bridges of refusing to negotiate "seriously" in Hawaii.

The Longshore strike started May 1 when employers refused to grant dockworkers a 32-cent hourly wage increase. The employers later offered 14 cents an hour and the union has come down to 25 cents.

"Unless the union comes down into a reasonable area of settlement substantially below 14 cents, there's no more promise of an end to the strike in New York than in Hawaii," Starr said.

"We share with every person in the islands the hope that the union won't pursue in New York the same delaying tactics it has pursued in Hawaii during the long, harmful months of blockade—tactics aimed at producing a stalemate and finally arbitration of wages."

RETRIAL ORDERED

INDIANAPOLIS, Aug. 31.—(UP)—Indiana Supreme Court Clerk Thomas C. Williams today said a United States Supreme Court decision and official mandate ordering retrial of Robert Austin Watts for the murder of Mrs. Mary Lois Burney was forwarded to the Shelby circuit court. Watts' retrial was scheduled to begin Oct. 3 at Shelbyville.

GIRL STILL MISSING

Authorities who have been trying to locate Miss Helen Carol Waldron since she disappeared from here last Thursday, were reported today to have traced her from Chicago to Indianapolis late yesterday. But in that city she had completely disappeared.

EXTRA!

BLOOMINGTON, Aug. 31.—(UP)—Paul L. Harmon, 34, Bloomington, was killed today when the car he was driving left Ind. 45, three miles east of Bloomington, and hit a tree. Harmon was thrown from the car. A passenger, Vance Young, 38, also of Bloomington, received critical internal injuries, state police said.

WARSAW, Ind., Aug. 31.—(UP)—A 33-year-old woman was killed today and police held her husband on an open charge in connection with the killing. Police said Gale Warner, 36, State Highway Department employee, allegedly struck and killed his wife, Bessie Cleo Warner, during a fight over "family trouble."

Mrs. Warner was dead when police arrived at the Warner home.

CHICAGO, Aug. 31.—(INS)—The Polish consul-general in Chicago announced his resignation today in defiance of an order to return to his Communist-dominated homeland.

The official, Marian Bogdan Cieplak, 56, said he has broken off all connections with the Polish government, and is seeking political asylum in the United States.

Cieplak is a member of the same famous Polish family as the late Archbishop Cieplak. After he fled to the United States when Hitler's armies invaded his homeland, he served for a time as a lecturer at Indiana University.

INDIANAPOLIS, Aug. 31.—(INS)—There will be no more national encampments of the Grand Army of the Republic.

The business session of the 83rd encampment came to a close at 11 a. m., CDT, today as Commander in Chief Theodore A. Penland, of Vancouver, Wash., sounded his gavel and said in a weak voice:

"I close the final business session of the Grand Army of the Republic."

There was no dissension during the meeting although there had been rumors that some of the six centenarians attending the encampment were in favor of continuing annual meetings "until the last man was dead."

TOKYO, Aug. 31.—(INS)—A destructive typhoon, accompanied by huge ocean waves and deluging rains, hammered Japan's main island of Honshu, including Tokyo, last night and early today with howling winds up to 80 miles an hour.

The violent storm, which caused death and injuries as well as property damage, reached the Tokyo metropolitan area late last night after lashing the American-occupied Yokosuka naval base on Tokyo Bay.

SPOKANE, Wash., Aug. 31.—(INS)—Searchers today found the charred remains of a co-pilot who rode a flaming B-29 bomber to an explosive crash that set a raging forest fire near Wellpinit, Wash.

Fourteen other crew members parachuted to safety from an altitude of 21,000 feet when two of the Superfort's four engines burst into flames yesterday. Killed was Lt. Jack Gillard, of Spokane.

WASHINGTON, Aug. 31.—(INS)—Maj. Gen. Harry H. Vaughan admitted today he collected a campaign contribution from a lawyer he "referred" to the attorney general and who subsequently won a parole for a convicted black market liquor dealer.

Vaughan told Senate "five per cent" probers the attorney involved was William H. Nebett, one time law partner of the late William Gibbs McAdoo, and that the man paroled after serving six years in a federal prison was Robert Gould.

SOVIET TROOPS
AT BORDER OF
YUGOSLAVIAFIVE ARMORED RUSSIAN
DIVISIONS ASSEMBLED
ALONG FRONTIER

BELGRADE, Yugoslavia, Aug. 31.—(UP)—Russia massed five armored divisions on the Yugoslav border today and Yugoslavia immediately rushed an ambassador back to United Nations headquarters in New York to stand by for action.

The ambassador, Dr. Joza Vilfan, left Belgrade by plane shortly after authoritative sources disclosed that recent Russian troop maneuvers have placed 50,000 men, 500 tanks and numerous warplanes along a 150-mile front menacing Yugoslavia's northern frontier.

It can be said on good authority that Vilfan was being hurried back to his post at Lake Success to be ready should Russia's troop movements force Marshal Tito to charge the Soviet Union before the United Nations with menacing world peace.

Vilfan boarded the plane for Zurich en route to New York early today.

Although Vilfan returned to Yugoslavia only a few weeks ago for a vacation, it was known he spent virtually all his holiday in close conferences with foreign office chiefs.

Simultaneously with Vilfan's departure, the Yugoslav Communist party newspaper Borba accused Premier Josef Stalin of duplicity and said Yugoslavia could not have any faith in the Soviet leadership.

There was no government reference as yet to the Soviet note of Aug. 29, which was distributed by the Soviet news agency Tass last night and broadcast by radio Moscow.

Significantly, it was learned that the Yugoslav government did not receive its copy of the Soviet note until after Tass began sending it to the entire world.

The new note again accused the Tito regime as a threat from the camp of Soviet "traitor deserters."

The Soviet forces massed on Yugoslavia's northern frontier were strategically placed.

one day's drive across 75 miles of flat plains to Belgrade.

They include five tank divisions, supported by infantry spread along a semi-circular front extending from Timisoara, Romania, to Mohacs, Hungary.

The plain before Belgrade, a rich tableland that has virtually no natural defense barriers, is believed to be lightly defended.

The Russians began massing their strength last week when three tank divisions rumbled into positions from Mohacs to Szeged, Hungary. One tank division came from Austria, another from Romania and a third from eastern Hungary.

Within the past 48 hours two more armored divisions took up positions near Timisoara, a Romanian rail junction only 25 miles from the Yugoslav border and 75 miles northwest of Belgrade.

The Soviet troop movements against Yugoslavia apparently began about the time the top military and political leaders of Cominform countries were meeting last week in Sofia, Bulgaria. Authoritative sources made it plain that the Soviet troop movements were not rumors planted by Cominform agents to speed up the Soviet war of nerves against Marshal Tito. They said knowledge of the Russian moves was based on confirmed reports.

State Fair News

Air School for Girls just 30th for representing Putnam county. The school are Marjorie Loretta Evans and McElroy. These trips are awarded on the accumulation of records of the girls in 4-H work.

Marjorie Purcell who won the award last year returned with the school as a member. Mary Frances Torr, winner of a State Fair scholarship in 1948, accompanied the group to work in the dining room of the boy's camp.

Mrs. Katharine Benner, home demonstration agent, spent the day at the fair assisting in setting up the Clothing Judging classes. On Friday she will assist with the Clothing Judging contest and on Saturday with the State Dress Revue.

Representing Putnam county in these contests will be Marjorie Wainman in Food Preparation Judging and Kathryn Cook in Food Preservation judging and Jacquelyn Steward in Dress Revue.

The following placings were made in the Canning division of the Putnam County 4-H Club State Fair exhibits. In Division 2 Anna Bryan won a red ribbon on her exhibit of a jar of fruit. Joyce Sibbitt won a blue ribbon on her jar of vegetables. In Division 3 Kathryn Cook won a red ribbon on her jar of fruit and Beverly Sutherland won a red ribbon on her jar of vegetables. In Division 4 Joyce Everman won a blue ribbon on her two jars of vegetables and a red ribbon on her exhibit of two jars of fruit. In Division 5-A Phyllis McElroy won a blue ribbon on her 3 jar exhibit. In Sub-Division D Loretta Evans won a blue ribbon on her 3 jar exhibit. Out of nine entries in Food Preservation the county won four blue ribbons and 4 red ribbons.

The Clothing Judging was not completed but placings won so far was blue ribbon by Diane Steward in Division 3 of Clothing. A red ribbon by Phyllis McElroy in Division 5 and a white placings by Loretta Evans in Division 5. The judging of Baking exhibits, Handicraft and Clothing will be completed today. The exhibits will be open to the public on Thursday, September 1.

Final Day Of GAR Sessions

INDIANAPOLIS, Aug. 31.—(UP)—Six weary old Civil War Veterans say goodbye, probably forever, today as the Grand Army of the Republic musters itself out to eternity.

There was a slim chance that the aged men might decide to hold another GAR encampment next year, making the organization a "Last Man's Club," but this was doubtful.

The GAR voted last year at Grand Rapids, Mich., to make this, the 83rd annual meeting, their last gathering.

The final ceremony, a parade campfire tonight, will close the meeting.

The six men were the only ones of the 16 surviving GAR members who were in shape to attend the last encampment.

At a closed business meeting today, they may thresh out the question of whether to hold another meeting. It was a scrap between Commander-in-Chief Theodore A. Penland, 100, of Portland, Ore., who wants to make this the last, and Charles L. Chappel, 102, Long Beach, Calif., who wants to have more meetings so he can be Commander.

The veterans got together for their first full meeting yesterday. The weakness of old age had prevented them from all being up and around at the same time during the two previous days of the encampment.

The deafness of some of the vets, plus the blindness of others, made the conversation desultory. They conversed in strained voices as members of GAR-affiliated organizations gathered around to greet them.

NEW DPU TEACHER

Appointment of Miss Betty Martin Barbee, Louisville, Ky., to the DePauw University department of physical education was announced here today by President Clyde E. Wildman and Dean Edgar C. Cummings.

Miss Barbee, instructor in physical education for women, will join the university staff in September.

She received a B. S. degree from Indiana University in 1947 and has done graduate work at the University of Wisconsin.

She is a member of Pi Lambda Theta, and the American Association for Health, Physical Education and Recreation.

LET BANNER ADS SELL IT

THE DAILY BANNER and HERALD CONSOLIDATED

Mrs. Zola Kauner of Greencastle R. 1, was dismissed Tuesday.

Mrs. Beulah Payton of Quincy R. 1, was dismissed Tuesday.

A LUCKY MAN

RICHMOND, Ind., Aug. 31.—(INS)—William McDaniel, of Springfield, O., has cause to consider himself a mighty lucky man.

McDaniel attended a carnival in Richmond and rode on the "rollo-plane."

The next morning he discovered his billfold, containing \$70, was missing. He went to the carnival grounds and began questioning men in charge of the rides.

They told him there was little hope, but he asked the operator of the amusement device whether he could search the seats.

On the second seat searched, McDaniel found his wallet and all of his money wedged down at the side of the leather cushion.

SOCIETY

TO OBSERVE 50TH WEDDING ANNIVERSARY

Mr. and Mrs. T. D. Gibson

Mr. and Mrs. T. D. Gibson will be at home Sunday, the fourth of September from two until five o'clock D. S. T. in honor of the Fiftieth Anniversary of their marriage, Fox Ridge, Greencastle, Indiana.

Mr. and Mrs. Gibson were married September fifth in the year of eighteen hundred ninety nine, at the home of Mrs. Gibson's parents, Mr. and Mrs. Frank Martin, 909 south Locust street.

With the exception of several years in Indianapolis, they have spent most of their lives in and around Greencastle. They have four daughters and two sons living, Clyde Gibson, Helen Hart, Mary Nicoloff, and Edith Pettit all of Indianapolis, Jane Whitlock of Bainbridge and Charles at home. Two sons deceased. They have twelve grand children and five great grandchildren.

All friends and relatives are cordially invited.

Women of the Moose

To Meet Tonight

The regular meeting of the Women of the Moose will be held this evening at 8:30 p. m. All members are urged to be present as final preparations for the auction to be held Saturday afternoon for the benefit of the Polio Fund are to be made.

Entertained Guests

At Farewell Party

Friends and neighbors gathered for a farewell party on Sunday evening at the home of Mr. and Mrs. V. V. McCamack and Mr. and Mrs. John Long, who are leaving Wednesday for Fort Wayne.

Refreshments of sandwiches, ice cream and cake was served to Mr. and Mrs. Percy Rice, Millie and Percy Lee; Mrs. Pearl Hurst, Mrs. Flora Larkin, Mrs. Garnet Patrick, Mr. and Mrs. Eugene Sallust, Mr. and Mrs. Paul Buis, Mr. and Mrs. Herbert Elmore, Mr. and Mrs. Clarence McCamack, Mr. and Mrs. Lloyd Buis and Michael, Mr. and Mrs. Edgar Hurst, Mr. and Mrs. Dayton McCloud, Mr. and Mrs. Chester Day, Mr. and Mrs. Dennis Vermillion, Mr. and Mrs. Lee Cox, Mr. and Mrs. F. G. Hurst, Mr. and Mrs. Herbert Hurst, Mr. and Mrs. Herbert Heavin, E. E. McCamack, Mr. and Mrs. Joseph Pickens and Larry; Mr. and Mrs. Blanchard Ketchum, Mr. and Mrs. John Long and Robert Dale; Janet Sallust, June Sallust all near Belle Union; Mr. and Mrs. Orville Blue of Martinsville, Kathleen Blue and Mr. and Mrs. Jack Demoree and Jackie of Indianapolis.

Christian Couples Club

To Meet Thursday

The Christian church couples club will meet Thursday, Sept. 1st at 8:00 p. m. at the home of Mr. and Mrs. Robert Moore.

Brothers Reunion

Held August 28

The Brothers reunion was held at the home of Mr. and Mrs. Harry Grantham, Aug. 28.

At the noon hour a delicious picnic dinner was spread on tables in the house, as the rain prevented eating on the lawn as planned.

The afternoon was spent in visiting. A short business meeting was held and it was decided to meet next year with Mr. and Mrs. Carl Eggers in Roachdale.

Those present to enjoy the day were Mr. and Mrs. Paul Laig of Indianapolis; Mr. and Mrs. Oille Broom, Paul Rohn of Kingman; Mr. and Mrs. A. A. Brothers, Mr. and Mrs. J. C. Brothers of Green-

NEW STUDEBAKER

of Studebaker's balanced chassis to include a new self-stabilizing coil spring front suspension. This involves a new mounting of the front wheels so that they strike road bumps at a retracing angle instead of head-on. In other words, "they roll with the punch." They don't take the full force of the blow.

Newly designed instrument panels are located about four inches farther forward than previously, Mr. Webb pointed out, thus providing even greater space in the front compartment. Control switches are the push-pull type and gauges are grouped directly in front of the driver so that they can be checked at a glance. The steering column of

the Commander and Land Cruiser is enclosed in an oversize steel jacket.

O.E.S. INSPECTION

There will be a joint inspection

of Cloverdale Chapter No. 36 and Fillmore chapter No. 146 Order of the Eastern Star at Fillmore Saturday, Sept. 3rd at 8 p. m. CST. All members of the order invited.

S. C. SAYERS OR GORDON SAYERS.

THANKS!

This is to express our heartiest thanks to all of those who have worked for us and those who have traded with us during the years that we have operated businesses both from Bainbridge as Miller Grain Co., and from Greencastle as H. E. Miller and Co. We hope that the Hickmans will have the same generous patronage and support that we have enjoyed through these thirty-one years.

It is a pleasure to be able to sincerely recommend our successors, William and "Hal" Hickman. We have found them to be men of excellent character and we are sure that Hickman's Hardware will be a valuable asset to this community.

HARLEY E. MILLER

CONGRATULATIONS TO HICKMAN'S

You have our sincere wishes for a profitable future of service to our community.

First-Citizens Bank & Trust Co.

\$125,000 Damage!

STILL SUFFERING from injuries received nearly a year ago when a wildly lashing hose struck him on the head, William Lewan, Jr., is carried from Chicago's Michael Reese hospital in arms of his father. In an out-of-court settlement with the Liquid Carbonic corporation William received \$125,000 for injuries. He was in a coma six months, suffered loss of speech. (International)

17-19 EAST WASHINGTON STREET

FRANCISCO'S MAYOR PROVING HE WAS BORN

FRANCISCO (UP)—Mayor Elmer Robinson is having hard time proving he was born. The mayor filed a petition in superior court to "establish the

fact of birth." Robinson said he was born in San Francisco Oct. 3, 1894, but his birth record was destroyed in the 1906 earthquake-fire.

Robinson said he wanted to establish judicially the fact of his birth while his mother and

father are still alive and able to confirm it.

Of all wage earners in Washington State, 63 per cent draw pay checks from forest products industries.

TEST TUBE COWS PRODUCE TWOFOOLD BUTTERFAT

CHICAGO, Ill. (UP)—Dairy studies at the University of Illinois show that cows sired by artificial breeding produce more than twice as much butterfat as their normally-bred sisters.

The university's college of agriculture reports that the test tube cows give an average of almost 500 pounds of butterfat a year. The average ordinary cow gives about 215 pounds.

Dairymen say that means a difference of about \$250 a year in the earnings of the two types of cows.

LET BANNER ADS SELL 'EM

ST. PATRICK NEEDED

POTOSI, Wis. (UP)—What the village of Potosi needs is a modern St. Patrick. Thousands of rattlesnakes, driven from their hilly homes by a flood control project have invaded the town.

POSSIBLE 'FLYING SAUCER' INVENTOR HUNTED

DISCOVERY OF A WEIRD flying machine in an Arundel county, Maryland, tobacco barn has spurred a hunt for inventor Jonathan Caldwell (inset), who disappeared from Baltimore, Md., in 1941. Mrs. Jack Harbaugh sits in cockpit of the machine, which possibly is forerunner of the mysterious "flying saucers" reported throughout the nation in 1947-48. A former associate of Caldwell says he was 10 years ahead of time in aircraft design, may be continuing experiments. (International Soundphotos)

Try and Stop Me

By BENNETT CERF

OVER in England, two cockneys were riding up to London on the morning train when they spied a dignified old party on the bench opposite immersed in his morning Times. "Blimey," said one in awe, "it's the Archbishop of York."

"Ye're cuckoo," scoffed the other. After heated discussion, they bet a quid on it. "Only one way to find out," said the first. "I'll ask 'im!"

He poked the old party vigorously in the back and said, "Beg pardon, mate, but, to settle a bet, are you not the Archbishop of York?"

The old man put down his paper angrily and said very distinctly, "What the blank blank do you mean by bothering me this way? Buzz off, you blank blank blank, before I pull the bell cord!"

The cockney resumed his seat with a puzzled air and admitted, "Still dunno whether it's the archbishop or not. 'E wouldn't tell me!"

3 Players Hurt In Bus Mishap

RICHMOND, Ind., Aug. 31.—(UP)—Three players of the Portsmouth, O., baseball team were recovering today from injuries received when their team bus skidded on wet pavement and overturned near here late yesterday.

Injured were star pitcher Allen Romberger, manager and catcher Homer Cox, and infielder Frank Major. Hospital officials reported their condition as "fair," but said they were through for the rest of the season.

Sixteen other players in the bus were not hurt. Romberger has won 19 games this season.

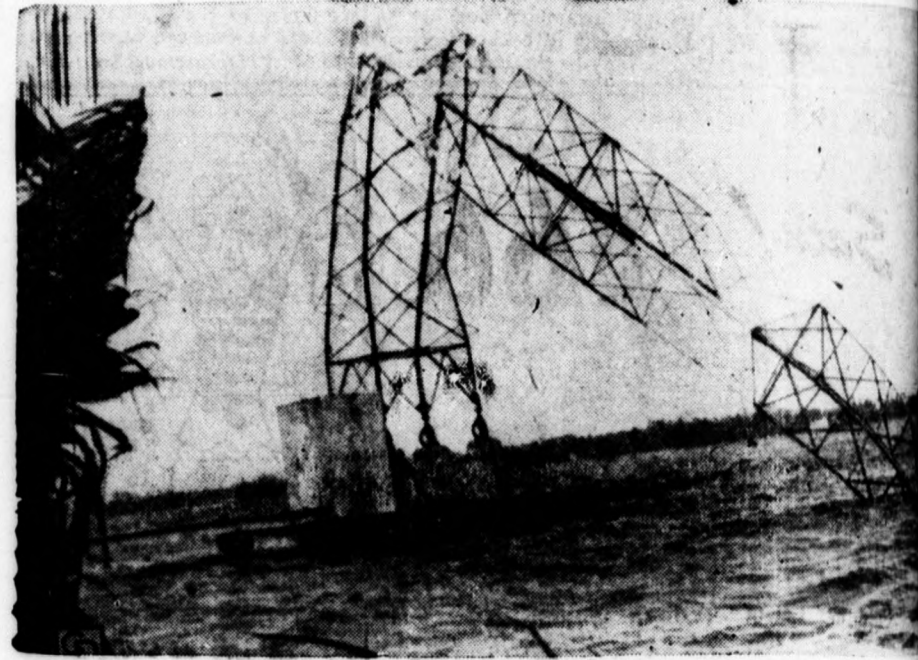

Portsmouth is leading the class "D" Ohio-Indiana league. The team was en route here to play the Richmond club.

A total of \$64,000,000 is being spent for improved lighting by 265 cities and towns in the United States.

"This is the first gag I ever have encountered," said Eugene Cadou, (center) veteran Hoosier newspaperman, as he downed a glass of milk at an International Dairy Exposition party in Indianapolis recently. Cadou, long-time head of the national News Service Bureau of Indiana, admitted he had drunk a glass of milk many years ago. With him, also pretending eager for milk, is Edwin (Pete) Henderson, assistant manager of the Associated Press. The exposition management party for Indiana newspaper and radio people. The exposition is held at the Indiana State Fairgrounds October 8-15.

SNAPPED BY 162-MILE-AN-HOUR WINDS

The 220-foot steel tower of this Palm Beach, Florida, radio station was snapped like a match as winds rampaged at 162-miles-an-hour. Damage in Palm Beach alone was estimated at \$100,000.

The "next look" in cars

White side wall tires and wheel cover optional

Announcing the NEW 1950 STUDEBAKER

The leader leads again! A breath-taking new car!

A dynamic new triumph of Studebaker's overwhelmingly popular new ideas on automobile designing! A 1950 Studebaker styled ahead—and engineered ahead—for years to come!

AMERICA expects the unexpected from Studebaker—and here it is—the "next look" in cars!

Dynamically new in form and substance, this is a truly inspired 1950 Studebaker.

Its styling is more distinctive than the "new look" that Studebaker originated three years ago.

This is a complete line of completely new 1950 Studebaker cars—paced by a sensationally advanced Studebaker Champion in the low price field.

Stop in for a look. New in eye appeal and new in

drive appeal, this breath-taking 1950 Studebaker is starting another Studebaker buying wave.

The 1950 Studebaker stands out in advancements! A new longer Champion and Commander! A new longer special Land Cruiser sedan! • Self-stabilizing coil spring front wheel suspension • Higher compression Commander and Champion engines of increased horsepower • Wide-rim wheels and extra-low-pressure tires • Self-adjusting brakes • Symmetrically centered variable ratio steering • Over-size windows and windshield • "Black light" instrument panel dial • Wear-resisting Studebaker craftsmanship • Automatic hill holder (extra cost on Champion only) • Gas-saving automatic overdrive transmission, Studebaker Climatizer heating and ventilating, Studebaker-engineered Philco radio, available on all models at added cost.

Troops Encircle Bolivian Reds

LA PAZ, Bolivia, Aug. 31.—(UP)—Bolivian army troops today virtually surrounded Cochabamba, headquarters city of the Fascist-Communist revolution against the middle-of-the-road

government.

A high officer said its fall was expected at "any hour now."

Gen. Felipe Rivera, commander-in-chief of the army, said his forces had sealed all but one road leading out of Cochabamba and expected to close the circle at "any moment."

The rebel commander has been given an ultimatum demanding

"unconditional surrender," Rivera said.

He explained that army units marched against Cochabamba, some 125 miles south of here, from three sides—through Vinto, Quillacollo, Santivanez, and Augustura.

Rivera said that at one point his troops had reached outskirts of Cochabamba, bringing the airstrip, radio stations and oil deposits within rifle shot and capturing La Coronilla Heights.

It was learned that the Loyalist high command is maintaining a large reserve of troops while about 1,000 well-armed men attack Cochabamba. Rebel strength was estimated at 500.

Radio Electra of Santa Cruz, now held by the rebels, claimed that Cobija and San Joaquin, small towns in the northern section of Olivia province, had joined the revolt.

Five-Day Week For Railroads

CHICAGO, Aug. 31.—(UP)—The nation's railroads go on a five-day work week tomorrow, and a survey showed today that plans to reduce weekend freight handling will affect many small shippers but few major industries.

The 40-hour, five-day week was recommended last December by an emergency fact-finding board appointed by President Truman to head off a threatened rail strike.

The 40-hour week will cover about 1,000,000 "non-operating" employees who previously worked a 48-hour week. Faced with the necessity of hiring additional workers and paying overtime

most roads have announced that they will close their freight offices on Saturdays.

Some eastern roads have announced that they will reduce branch line service. In the east and elsewhere many contemplate closing small passenger ticket offices during weekends.

But spokesmen for the railroads said most of them will continue to handle carload freight on Saturdays as before. Less than carload shipments will be handled only on an emergency basis, they said.

An official of the Association of American railroads pointed out that most industries and businesses are on a five-day week anyway, and that few do any heavy shipping on Saturdays.

Senate Hopes For Vacation

WASHINGTON, Aug. 31.—(UP)—The Senate was offered a week's vacation today if it would get a move on and pass the minimum wage bill by tonight.

With the House already enjoying a month's recess, prospects were fairly good that the exhausted senators would take advantage of the offer.

Republicans have complained bitterly about the failure of the Senate to finish its work and quit until January. But Senate Democratic Leader Scott W. Lucas, Ill., has refused to consider an adjournment.

He began to show some interest yesterday, however, in GOP overtures for fixing a definite schedule of "must" legislation.

After a Democratic policy meeting, Lucas announced that he may get together with GOP leaders soon in an effort to work out an agreement on what bills are to be brought up before adjournment. Republican Leader Kenneth S. Wherry, Neb., immediately promised his "100 per cent cooperation" on such a project.

Lucas said that, besides the minimum wage bill, other measures on the "must" list would include extension of the reciprocal trade program, farm legislation, the executive pay bill, revision of the displaced persons law, military aid and perhaps some others.

The House will return from its vacation on Sept. 21.

TOO MUCH PAPER WORK

ST. LOUIS (UP)—A man just sentenced to 50 days in the city workhouse was handed a complicated set of forms to make application for parole.

He puzzled over them for half an hour, then called Milton M. Metz, director of the public defender bureau.

"Take them papers away," the prisoner said. "I'll do the 50 days—it's much simpler."

WHEAT CUSHIONS PLANE

Moscow, Ida., (UP)—Two Coeur d'Alene, Ida., fishermen in a pontoon plane didn't let a little matter like a lack of water stop them when they ran out of gas. O. H. Anderson and Robert Deabough suffered only scratches when they landed on a wheat field near here.

Legion Candidate

EARL COCKE, JR., of Dawson, Ga., one of leading candidates for national commander of the American Legion, is shown at his Philadelphia headquarters during the convention. (International)

Looking at Life

ERICH BRANDEIS

You have all heard that old story about the fellow who hit himself on the head with a hammer a couple of times every day.

A bystander asked him why he did that.

"Because it feels so good when I stop," was the answer.

This column will deal with the subject of Sin. You may also call it Vice, or Evil, if you prefer.

As you know, the late President Coolidge said that he was against sin.

So are you. So am I. But let us imagine ourselves in a sinless world.

By the way, let me tell you now I got the idea for this column.

Yesterday I took a pair of shoes to be re-heeled.

My shoemaker is an old Ukrainian, and he is also a philosopher.

Bogdan (that's his first name) never read a book on philosophy in all his life.

I don't even know whether he knows how to read.

But Bogdan's store is on the main street and he sees hundreds of people pass by, and many come in.

In between fixing shoes, Bogdan has a lot of time to see, to listen, to observe and to think.

To use a paradox, Bogdan thinks with both feet on the ground. Bogdan also likes to talk.

Quite often I go to Bogdan's little shop and swap observations with him. I think his are better than mine. His are more simple. His life is much less complicated.

Yesterday he told me about seeing a kid arrested for crossing the street against the traffic light.

"The cop shouldn't have done it," he said. "Kids shouldn't be arrested for little things like that. They should be told not only what but also why."

Then Bogdan made the general observation that there is altogether too much about the little sins people commit.

"We have a proverb in the Ukraine," he said "which goes 'No sin; no salvation.'"

I thought of Bogdan as I read my paper last evening.

Lots of arrests. Lots of investigations. Lots of talk about all the bad things people do.

I wondered what kind of a world this would be if we were all perfect; if none of us ever did anything wrong.

There wouldn't be any jails. There would be no need for police. Since many people consider theatres and dancing sin, there would be no night life.

Could we really stand all that goodness?

What would there be to gossip about? What would there be to read about? What would the soap operas do, and the publishers of newspapers and of detective stories?

I don't want to be an advocate

of evil, but I have always gotten quite a warm feeling out of repentance.

I repeat: With Collidge I am against sin.

But I believe that a teeny, weeny bit of sin followed by repentance adds spice to life and makes it less monotonous.

I hope you will forgive me for being human.

LABORATORY ON WHEELS TO FIGHT EPIDEMICS

SEATTLE (UP)—The University of Washington is completing work on a mobile epidemic stopper. It is a portable, completely outfitted medical laboratory.

The laboratory, built in a surplus army ambulance, can travel to any part of the state within a few hours in emergencies.

It will be used to bring the latest equipment to local medical centers for special investigations that used to take weeks but can now be done in hours.

COURT GETS AROUND

NASHVILLE, TENN. (UP)—Tennessee has what might be called a roving supreme court. It has sessions each year in Nashville (capital), Jackson and Knoxville in conformity with a constitutional requirement that it meet in each of the state's three "grand divisions."

LEGION FAVORS AID TO CHINA

NATIONAL COMMANDER Perry Brown (left) talks with Del. Robert Johnson in Philadelphia as the American Legion gets under way with the executive committee resolution urging continued aid to China. (International)

The four-door Studebaker Commander sedan (shown) was among the company's new 1950 passenger models acclaimed recently at private previews in several metropolitan centers. Front end of the new Studebakers is particularly striking. The sweeping lines are carried from the "spinner" through to the light-streamed rear fenders.
